Examiner Nomination System

Dear Supervisor

In order to enhance the efficiency of the examiner nomination process, the Information Technology Centre at UTHM has introduced a user-friendly system known as CENTRAL. This system is accessible through both desktop computers and mobile devices. As a result, all nominations for viva voce examiners will now exclusively be conducted through this new system, discontinuing the use of TCIS for this purpose. This system is officially operational and can be accessed via the following link:

<https://central.uthm.edu.my>

The user manual can be accessed through Centre of Graduate Studies Website:
