Preface

The Postgraduate Hooding Ceremony is a moment of honour and celebration, where years of dedication, perseverance, and unwavering commitment are recognised and cherished. It is a time to reflect on the journeys of our graduands, who have faced challenges, embraced discovery, and devoted themselves to the pursuit of knowledge. Today, their efforts are acknowledged not only as personal achievement but as a contribution to the wider community of learning and academic excellence.

This ceremony also recognises the important role of supervisors and mentors who have guided and supported their candidates throughout their academic journeys. Their encouragement, expertise, and patience have nurtured not only academic excellence but also the development of practical skills, social competencies, and professional growth. Through their guidance, graduands have been equipped to advance knowledge, contribute meaningfully to their communities, and navigate the challenges of both research and real-world applications.

Held in conjunction with the Universiti Tun Hussein Onn Malaysia 25th Convocation Ceremony, this event honours the achievements of 535 postgraduate graduands who have successfully completed their academic programmes. Their accomplishments reflect years of rigorous study, research, and personal growth, and stand as a testament to their dedication, perseverance, and commitment to advancing knowledge within their respective fields.

Among them, 109 international graduands hail from a diverse range of countries, including Algeria, Bangladesh, Chad, China, Egypt, Ethiopia, India, Indonesia, Iraq, Jordan, Libyan Arab Jamahiriya, Nigeria, Oman, Pakistan, Saudi Arabia, Somalia, Sudan, Syrian Arab Republic, United Arab Emirates, and Yemen. Their presence highlights the university's growing global reach and its dedication to building an inclusive and connected academic community.

This year, 137 graduands will be awarded the Doctor of Philosophy (PhD) by research, and 5 graduands will receive the PhD by coursework. 110 graduands will be conferred Master's degrees by research, while 275 graduands have completed coursework programmes and 8 graduands have completed mixed-mode programmes for the Master's degree. Each achievement represents not just academic success, but a journey of resilience, commitment, and the unwavering pursuit of excellence.

The ceremony underscores the critical role of perseverance in scholarly pursuits and the tangible outcomes of sustained intellectual effort. It reflects Universiti Tun Hussein Onn Malaysia's ongoing commitment to the advancement of knowledge, the cultivation of research excellence, the promotion of innovation, and the comprehensive academic and professional development of its graduands.

To all graduands, may this achievement be a source of pride and inspiration as you continue to make meaningful contributions to your fields and communities.

APPRECIATION

Our heartfelt appreciation and gratitude go to the Vice-Chancellor, Senate Members, Senior Officers, Supervisors, and the dedicated team at the Centre for Graduate Studies for their invaluable contributions and steadfast support.

We also extend our warm congratulations to all graduands, whose achievements we celebrate today and to all parties who have directly contributed to the success of this event. We are forever thankful for your dedication and efforts that have made this momentous occasion possible.

The background is a solid golden-brown color. From the bottom left, a series of thin, light-colored lines radiate upwards and to the right, creating a sense of movement and depth. Interspersed among these lines are various golden patterns, including small stars, larger floral or mandala-like motifs, and sections of a checkerboard or pixelated grid. The overall effect is one of elegance and celebration.

Congratulations
